Restyle your kitchen in just 25 days!

## MATERIALS

Intellect Grade Steel (Stainless Steel with 4% Nickel) : Because of its high corrosion resistance, it is widely used in kitchens and kitchen utensils.

SS 304 : Type SS 304 is a Stainless Steel with 8% Nickel. Because of its ability to withstand the corrosive action of various acids found in fruits, meats, detergents, etc, Type SS 304 is used in kitchen baskets.

Plywood (IS303 Grade): Plywood (IS303) is manufactured from durable face and core veneers, with few defects so it performs longer in both humid and wet conditions and resists delaminating and fungal attack. Its construction is such that it can be used in environments where it is exposed to moisture for long periods.

Compact Laminate : Compact Laminate is a paper fiber-based solid surface material that is high impact, durable, water proof, chemical resistance, green and safe material. Hardware

## MYSTIQUE PREMIUM LARDER UNIT

Functionality in the kitchen can't get more elegant and efficient with the concept of Premium Larder Unit. Positioned in the dry storage zone, the Premium Larder Unit is destined to provide optimum storage along with international style and standard. With the help of this new-age solution, you can simply pull the cabinet and have better access or glance on dry food items stored in, from right and the left side as well. Mystique for Premium Larder Unit has been integrated with the exclusive solid base for greater support system, thus providing better stability.

Mystique for Deluxe Larder Units (Full / Half) Smart vertical storage space where you can get convenient and handy access to food stuffs. Just pull the cabinets and pick up things you want. MYSTIQUE for Deluxe Larder comes with solid base allowing you to store food items as per your needs, thereby maximizing the stability and use of the available space.

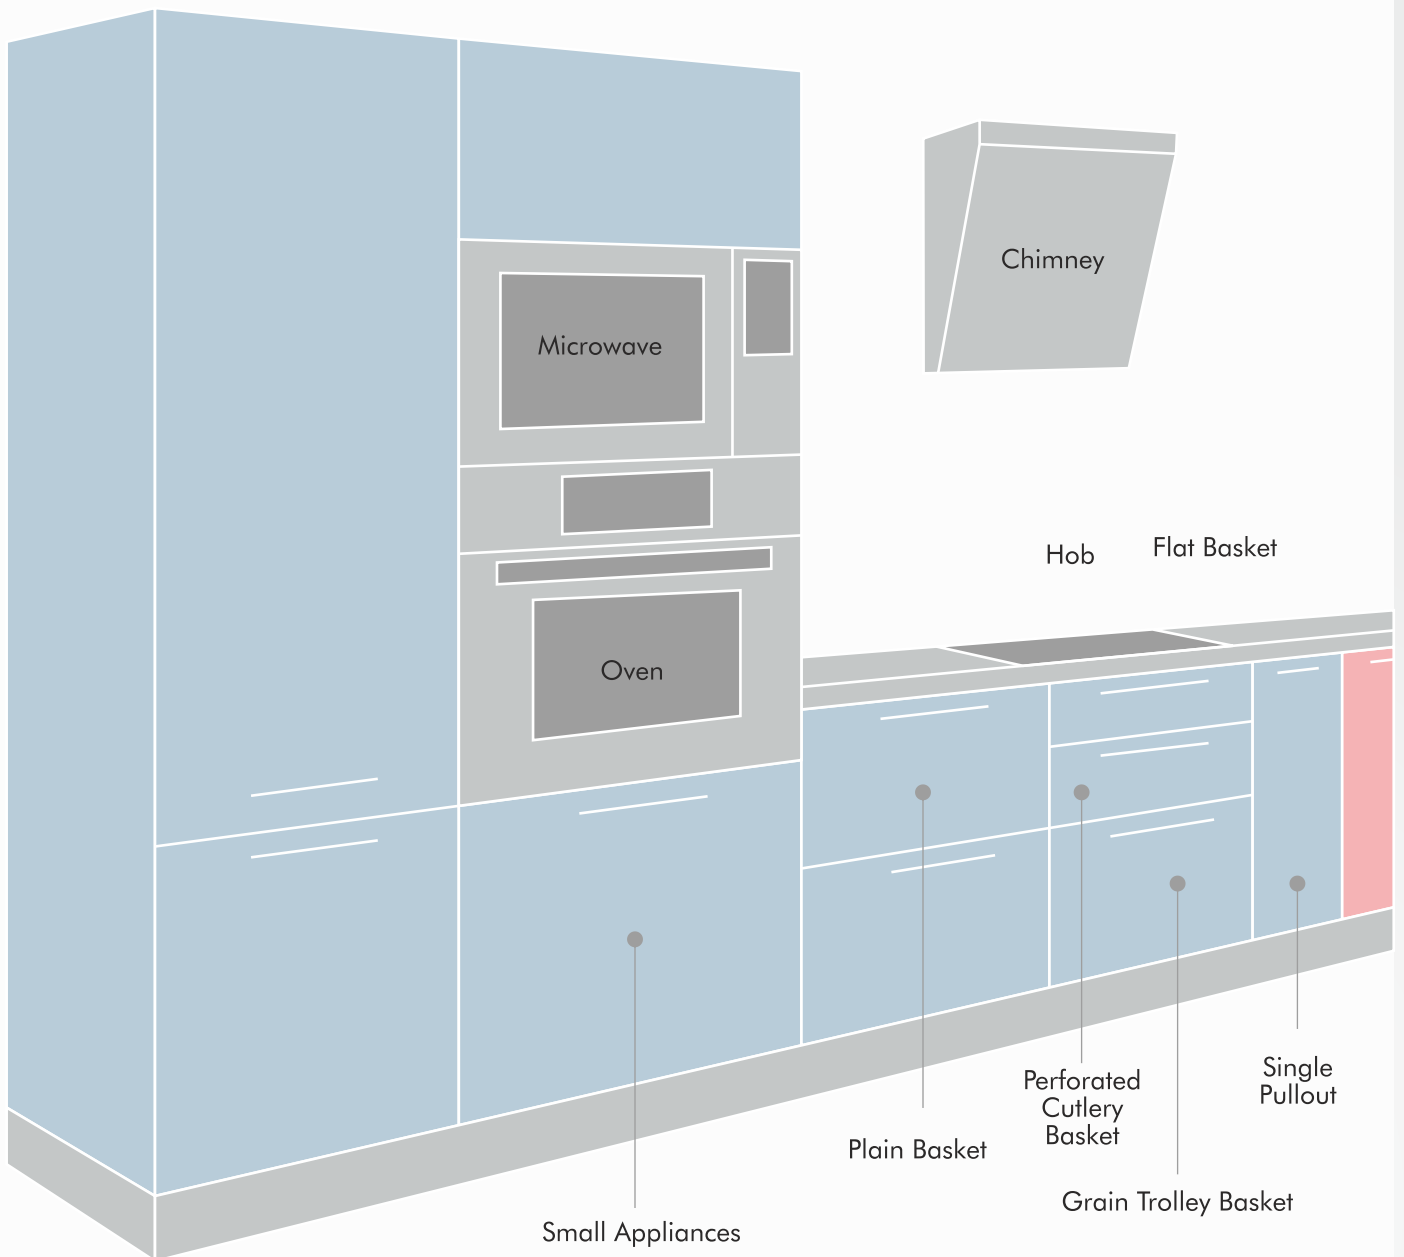

Dry zone is used to store all food items which are consumables and non-chilled stuffs. Food stuffs such as Bread, Cereals, Ready to eat products, sugar, cold drinks, fruits syrups, vegetables, tinned goods, etc. are normally kept within this zone. Serving utensils and crockery can also be stored in this zone just next to the sink, so it can be easily cleaned and stored back in their dedicated space.

**NEED  
SPECIFIC  
DESIGN**

MYSTIQUE range has been designed by keeping the Indian kitchen storage needs in mind. The range comes in three styles i.e. Solid Bottom, Perforated and Wire bends. So, whether it's crockery items, spice jars, cutlery items or serving plates and bowls, everything has its own place.

**ERGONOMICALLY  
CRAFTED**

The range has been ergonomically designed with an aim to offer safe and flawless kitchen operations every time. No sharp edges of the wire bends reduce the risk of hand getting cuts while operations.

**UNIQUE  
DESIGN**

One thing that makes the range a cut above the rest is that it comes with the most premium design not available in the market but exclusively with Sleek.
